## English Chat – what???

The English Chat Group provides a nice and casual environment to brush-up or to improve your English language skills. It is a very informal group that allows you to communicate with others about whatever your areas of interest are.

You may find it a very positive contrast to what you experienced during your school time. No grammar, no vocabulary rehearsal, just plain talking, having fun and activating other sections of your brains.

Please take a look, and if you like the gang, come in and tell us your story – or just listen. Our American friend and leader Debbie and the group will be more than happy to welcome you!

**1st and 3rd Monday of the month at 4 p.m.**
